“ Austyn & I shared so many memories together. Some of my favorite memories we're middle school, after his football practice he would show up at my house without me knowing to surprise me. We we're truly young & in love. We always talked about going to the Bahamas one day. Austyn use to joke around & call me spandex, I would get embarrassed and tell him to quit it just so I could hear him say it again. He had a light in his eyes that I'll never be able to explain. A light in his eyes that always took my breath away. I'll never forget any of the memories we shared. I'm ready to wake up from this nightmare but Austyn just know how much I will always love you.

“ God where do I begin from the 1st time I met austyn over 10 yrs ago when he sat at my kitchen table having dinner with myself and our family due to him being my daughter Tina's high-school boyfriend, he started to call me mom from that first day and well he was a very big part of our family because my daughter and austyn gave me a beautiful granddaughter 8yrs after that first dinner in my home he was such a good dad and Alivia was definitely a daddy's girl. Austyn will always have a place in my heart and he will be so very missed especially by him walking into my home without knocking and then right to the refrigerator always and only for a simple can of soda. R.I.P. Austyn Michael your presence here will be missed so very much 😞
