“ Gary and I are so sadden to hear about Danny’s passing! He was way too young but like so many others we have some great memories with him. Of course we’ll never forget all of the softball games played against and with him. We had so much fun at all of the tournaments with Danny and the entire McArdle family (especially at Adams).

Gary’s fondest childhood memories includes the entire family but he’ll always remember playing basketball as kids in Brainard and playing baseball and softball well into adulthood with all the boys in both families. We will miss him and we pray for the family to have strength and healing during this time. Rest in peace our friend.

“ I worked with Dan for many years. Always enjoyed chatting with him. He was always the first one to say good morning and ask me how things were when I'd see him. No matter how stressful a day was, I could always count on cracking jokes and laughing with him. Dan will be sadly missed by all of us. RIP Dan
