“ Today was your memorial service Dave. I am sorry that I could not attend as living away from Pittsfield and other issues prevented me. Even though my memories go back to our much younger days, I find it difficult adjusting to your passing and leaving us . My thoughts do reach back and remind me of the thoughtful, caring, young man that you were. Knowing that you would carry all of those good qualities into adulthood.

I think of you , your sisters and your parents and even though life was not easy, your caring and loving ways always shined thru .

I sincerely wish that we could have kept closer contact thru the years as I am sure that we would have enjoyed many moments together doing the same liked interests. But I am sure that life has shown us that jobs and careers take us down many different and separate paths .

David, thru the years you have been thought of many times and now I pray that you may rest peacefully knowing that people loved and cared about you.

With Care and Love your Cousin,

David Demick
