“ I had the pleasure of being one of Mrs. Roger's students during my time at NLCS from 1995-98. It's funny, when talking to anyone about the old days of high-school, without fail, her class is mentioned, or more specifically, making the Baked Alaska!

The last time I was home, I had reached out to her and we met for a cup of coffee and ended up talking for 3 hours ... while numerous alumni also came and went and said hello. We talked about why everyone remembers the baked Alaska and I can honestly tell you it was not just because of the project of making it ... it was how much fun she made it. To this day, I have a love for cooking and it started with Mrs. Rogers class!

Dottie's passing is a sad reminder to those who have grown up with teacher's we really respected and looked up to that they won't always be here. I know she touched a lot of lives in her 18 years at NLCS and i'm honored to be able to say that "I was one of them"

She will be deeply missed!
