“ A year ago you went away. The angels took you home to stay. My heart and soul filled with fear, my eyes watered great big tears. I try to stay strong and then I hear a song....that reminds me of days that are gone. Your memory lives on in all of us, I guess it is in God we must trust. We all have grown in one way or another. That doesn't mean we don't miss you Mother. Holidays - Birthdays - Special Days - Everyday - in all sorts of different ways...and so much more we needed to say. I Love you Mom more each day! May you rest in peace. May we comfort each other. May we all say a prayer for our Mother. Love Always & Forever! Kelley Jean Hamilton/Meehan & Family

“ Forever is a very long time. How is it that people can talk so casually about a concept that we cannot even wrap our minds around? Sometimes we have a friend and we sense that our souls are very closely connected. We know that the connection is above time and space. We know that wherever we are in our lives we will always remain friends. Even if we do not see each other for years we are able to pick up right where we left off. This is what people mean when they say friends forever.
My friend Betty will be in my heart forever.

Condolences to Betty's Family and Friends.
My thoughts are with you.
