“ Justin! Love you my brother! I hope some how you can read this. It was always you, Reina and Marcus that meant the most to me growing up. If I wasn't with Reina, I was with you! Too many memories! I know you remember when I use to ride you around on the front of my bike on the handle bars everywhere. You are a big part of my life. I'm just sorry I didn't get to spend more time with you. I know your with your dad now, and that makes me happy. Enjoy the other side. I'll see you there. Much love.....

“ Words cannot describe the hurt I felt when I found out today that you are gone. I was in shock and couldn't even cry at first. You and I have been friends for a long time, and was hoping to be for longer than this. You share such a big part of my heart and always have. You played a big part in my life for many years and I am just so happy you were able to meet my family recently. I love you always and forever.

“ My goodness, the memories I have hanging out with Justin and all our friends on John St and what was then Pitt Park. Justin was a funny, amazing human being. He was a loyal and dedicated friend and even if he was annoyed with you he would stand up, protect and back you up when it came down to it. He was way to young to leave us and my heart hurts to hear of such a loss. My deepest condolences to all who knew and loved him. You will be missed my friend 💜 ✨ 🙏 May you travel swiftly to be with your ancestors.

“ Justin,

I'll always remember our childhood days growing up in Pittsfield when your dad had that big Cadillac and he would make us those bologna sandwiches with mustard. I remember your dog Sham, and watching rap videos, and those zippo lighters we had and all the crazy times we had when you came to visit us in Vermont after we moved. I still tell stores that you are a part of because we did a lot of funny stuff. You will be remembered and will be missed. DICE x COIN x TOKEN WSC
