“ Ken will always be in our memory, along with the rest of our gang that got together when there was any excuse by our grandmother to get the family together and you never knew where it would be, just show up. You never knew what Uncle ken would have for a joke or a prank, but it would make you laugh for hours after, his skill for taking apart and putting things back together just amazed all of us . He was a big kid in grown up pants, and we all loved him for it.
