“ *Peg was a much loved member of the "Florida family". She so much enjoyed our parties by the pool and our daytime chats - she was an eager participant in (and observer of) whatever was going on. Peg was also our unofficial photographer - she kept an album which was so much fun to look at, particularly for those of us old timers, to recall guests from years past. Peg was a very caring person - she showed much sympathy and understanding. I loved to talk to her about books - she always had some titles to recommend.*

I also want to mention how much she enjoyed sharing her photos and stories about her 90th birthday party - that was a wonderful gift from all her family. Her delight talking about it was so heartwarming.

Peg will be greatly missed - she was indeed a lovely lady. Sincere sympathy to all her family and friends.

“ Peg will always have a special place in our hearts. She was quick to include us into the "Florida family" 11 years ago. She and George were always part of our dinners and shenanigans afterward. She spent many an after noon "puzzling" with us. Every morning the current events of the world, NY and Fort Lauderdale were hashed over with Peg et al. She did not miss a trick from her upper balcony vantage and always warned us of potential "danger" or ongoing goings on. She clipped newspaper coupons and kept us well supplied with the ones we were in search of. Peg and I had many interesting conversations about our experiences as "old nurses" I loved those talks and will miss that most of all along with our long winded stories about our families... the topic most dear and near to us. So you see as only knowing Peg for 5 weeks out of the year for 11 years we have so many special memories, you her families have a lifetime of wonderful memories...how lucky you are and were to have her with you all those years and to carry her with you now and forever.
