“*Mary was one of the nicest people I ever got to know. I first met her when I moved into James Meadows and she helped me navigate though what "condo rules" were all about. Although I no longer live there, I've run into her a couple of times and she was always friendly. Most recently, she called me a while back to help her get her "lost" license back (and not in the physical sense). Being I teach drivers ed, I was glad to help out. Well if you Mary.....you know the rest of the story!! She eventually was back on the road and thank GOD for that.*
