“ Robert was always one who would stop and talk to me even if he was in the middle of his workday and he was on a timeline to complete his business /customers accounts- it was as though years had never passed between our childhood and our adult years. When we would run into each other at the gym he could make me laugh hard while trying to hang onto the treadmill and being sure to not let that machine get out from under his feet because he would push the level to its max and make the floor shake! As kids we spent hours playing competitive kickball in the side yard and riding our bikes all around till we could swim in the lake for hours. What I will hold closest to my memories of Rob is his kindness and always there to help - volunteering his time to haul things in his truck, help out with yard work or offering to put you in a better mood with a day out in his boat ! Rob did not let a day go to waste and I will always remember his infectious positive Attitude on life.

“ I've known Rob for more than 20 years, since we worked together at Hillcrest. He was always funny, goofy, and willing to give you the shirt off his back. Once I was moving, and while plenty of people offered to help, Rob was the only one who showed up. Years later, when I needed help with my lawn, Rob took care of it for me and wouldn't accept anything for it. I know he was a caring guy, he was everyone's friend, and he will be sorely missed.

“ I met Rob just before he started his lawn business. I had my own lawn business and he stopped me one day asking many questions. I remember he first started towing around a ride on mower and quickly watched him grow his business. What an amazing person to be around. My condolences.

“ Sandy and Lenny I was in shock to learn of the passing of Rob. Since Sandy and I went way back from the lake, Rob and our children took swimming lessons at the YMCA together. When he got to be a teen it was with great joy learning that he had reconnected with our daughter. He came up to the campground that we camped at several times and we would always kid around with him. He had a wonderful personality and just loved talking to others. Rob will be sadly missed
