“ *To Fred & Family -- So very sorry for your loss. I worked with Teri at GE Plastics and SABIC since the early 1990s. She was so wonderful to work with. Pleasant, happy and was such a wealth of knowledge. I would go to her with all kinds of customer and product questions. She never let me down - if she didn't know the answer, she'd find it! . I always enjoyed chatting with her every now and then just about life in general, and most recently I would see her across the way at St. Marks and she would flash her great smile at me. She was greatly missed when she retired and definitely left her mark on this business. She was a gem of a person and we were lucky to know her. You are in my prayers. Rest in Peace, Teri.*
